PRESIDENT'S CORNER

DE GERRY WAGLNU

IF IT'S JUNE IT MUST BE TIME TO PANIC. THE CLUB THAT KNOWS HOW TO GET IT DONE IS GOING TO BE TESTED THIS MONTH WITH A FLEA MARKET TO MANAGE FOLLOWED BY AN EARLY FIELD DAY. IT GOES SOMETHING LIKE THIS: THE FIRST FRIDAY IS THE 7TH, GET HOME EARLY AFTER THE MEETING BECAUSE THE SECOND SATURDAY IS ONLY A FEW HOURS AWAY AND WE HAVE TO HAVE OUR FOOTHILL COLLEGE ACT TOGETHER ABOUT 6 A.M. N6PGM TELLS ME SHE HAS HER TREASURER'S TEAM ALL SET UP. WE WILL NEED A LOT OF OUR REGULAR TEAM MEMBERS SUCH AS W6APZ, N6FEG, VE3FZK, WAGHLE, KD6ZL, K6EHS, W6VG, K6JJU, K6YT ETC. I MISSED THE LAST FLEA MARKET, BUT EXPECT THE EVENT TO BE IN THE PARKING LOT AT THE ENTRANCE. WE WILL GET EXACTLY 1 WEEKEND TO RECOVER AND THEN IT'S FIELD DAY ! FIELD DAY AS YOU KNOW IS THE 4TH WEEKEND OF THE MONTH NOT THE LAST. JUNE IS A LITTLE STRANGE THIS YEAR, IN HAVING 5 (COUNT 'EM) WEEKENDS. FORTUNATELY I DIDN'T WAIT UNTIL THE LAST MINUTE (HA HA) TO FIX THE 10 FOOT TOWER WHICH WAS BENT 2 YEARS AGO. I FINALLY GOT AROUND TO IT ABOUT A MONTH AGO AND IT WORKS QUITE NICELY NOW. HOPEFULLY I'VE LEARNED A LESSON ABOUT HOW TO PUT IT UP. ONE LESSON I DID LEARN IS THESE TOWERS ARE MADE OF INCREDIBLY MILD STEEL WHICH IS SOFT AS BUTTER. I THOUGHT I WOULD HAVE TO DRIVE OVER IT TO STRAIGHTEN IT OUT BUT A COUPLE OF JUMPS WITH MY FRAGILE LITTLE SELF DID THE TRICK JUST FINE. IT BROUGHT WITH IT THE REALIZATION OF HOW IMPORTANT GUYING IS TO THESE CRANK-UPS. THEY SEEM TO HAVE

PRESIDENT'S CORNER DE GERRY WA6LNU (FROM FACING PAGE)

VIRTUALLY NO BENDING STRENGTH WHATSOEVER. IN ANY CASE OUR PLAN IS TO ENTER 3A WITH MYSELF AND WB7TEM AS PHONE CAPTAINS AND K6YT AS CW CAPTAIN. WE WILL MOVE ONE OF THE PHONE STATIONS TO CW IF IT LOOKS PRODUCTIVE. WE ARE GOING TO TRY TO PUSH A LITTLE HARDER FOR POINTS THIS YEAR SO IF YOU KNOW ANY CRACKER JACK OPERATORS INTRODUCE THEM QUICKLY. WE WILL START PUTTING UP EQUIPMENT AT 11AM FRIDAY THE 21ST SO PLEASE PLAN ON BEING THERE EVEN IF YOU ONLY CAN TAKE A COUPLE HOURS OFF FROM WORK. FINALLY A BIG THANKS TO ALL WHO MADE THE PAARA PICNIC A SUCCESS. THE WEATHER COOPERATED AND THE EYEBALL QSO'S WERE A PLEASURE AS USUAL. W6LII SHOWED OFF HIS MINIATURE 2-METER QUAD---PRESUMABLY FOR A KILOWATT, AND A GOOD TIME WAS HAD BY ALL! -DE WA6LNU-

WELCOME NEW MEMBERS!

SCARES UPDATE
by Lily NFGM

The Menlo Park Fire Protection District has one of only four heavy rescue teams in the country. They are a highly trained group of firefighters who are ready at anytime to be sent anywhere in the world to help in the most difficult rescues.

On April 26, 1991, at the conclusion of a week long training course for twenty four firefighters and their instructors, SCARES had the privilege of providing the ONLY communications for more than six hours of simulated exercises. The five exercises included searching in confined unit spaces, tunnelling through concrete, climbing towers, and rappelling. The most dramatic exercise took place on the Dumbarton Bridge where bridge engineers were reportedly injured. We accompanied the firefighters through dark tunnels inside the bridge structure, hopping girders every few feet, and out onto a long narrow catwalk suspended 140 feet above the bay under the center of the bridge. It was dark, windy, and cold that night with only moonlight, helmet lights, and lanterns. While on the bridge SCARES provided all the communications for the better part of three hours while the firefighters prepared to rappel over the side to rescue the fallen victims. (The writer of this article is terrified of heights, but realized that if the rescue dog could maneuver on the catwalk so could she.)

I have been to a lot of exciting places on this little green planet we call Earth, but none more exhilarating than the catwalk on the Dumbarton Bridge.

I want to thank my team members for everything they did. I could go on forever mentioning each persons unique contribution, but just let me say I have never had the privilege of working with such outstanding people.
